

SOFEMA to exhibit at Eurosatory 2014

Exterior PE 6B - stall No.F60

Press release

SOFEMA is participating once again in Eurosatory, the largest international Land and Air-Land Defense and Security exhibition, which will take place between 16 and 21 June 2014 in Paris (France).

Levallois, 2nd June 2014 - Eurosatory will gather all the key players in the defense and security industry. Industry leaders and official delegations from around the world will meet at the Paris-Nord Villepinte Exhibition Center to discover the innovations and technologies of tomorrow.

SOFEMA, leader in the specialist field of land, sea and air product-sourcing and support, continues to expand its activities, providing customers around the world fully overhauled and adapted equipments. SOFEMA will present during the exhibition a number of vehicles and materials, including twin cannons, TRM 2000, Springer tank, key elements of the company's export success. "Eurosatory is an important platform for global players to share thoughts and ideas, as well as a key meeting point for the defense industry's suppliers and buyers. SOFEMA is always proud to present its new products and also to strengthen France's influence abroad", explains Guillaume Giscard d'Estaing, SOFEMA's President.

Eurosatory will take place at the Paris-Nord Villepinte Exhibition Center. SOFEMA will welcome visitors on its booth located Exterior PE 6B - No. F60.
